YZY Kit Homes are revolutionising the Cabins and Granny Flats market, professional installation teams, quality European materials and a level of professionalism not often seen in the building industry.

Martin, NSW

★★★★★

*Depending on intended use, cabanas up to 20m2 in size may be an exempt development that does not require council permission in NSW. Other conditions apply. Standards are different in every state, so please consult your nearest dealer of YZY Kit Homes, council or private certifier for further information.

YZY Kit Homes reserves the right to make adjustments to the specifications, sizes & materials as required. 3D images, plans & photos are for illustration purposes only. Furniture and other loose items are not included. Refer to inclusion lists for details. Building kit is not painted and comes in a natural timber finish. © Copyright YZY Pty Ltd, 2019
WHO WE ARE

HEALTHY
Optimal Air humidity & De-stress Living

SUSTAINABLE
100% recyclable, CO² bound in wood

MADE IN EU
to AU/NZ standards

BUILT IN AU
by your local builder

YZY Kit Homes is a combination of two worlds - European made Scandinavian buildings in good hands of reputable Aussie builders. Every building we make is a result of teamwork, a collaborative effort of Australian builders, engineers and designers with architects and technical team at the factory.

We operate through the network of carefully selected Authorised builders across Australia and New Zealand. YZY Kit Homes accredited builders have experience building YZY Kit homes and are conversant with local building regulations. They will recommend the most cost-effective and suitable floor plan and building design to suit your property. Using one of our architecturally designed plans or a tailored concept based on your specifications, we will create a unique living space perfect for you.

COMPLIANCE AND ENGINEERING
Every building is made to the highest European standards, engineered to AU/NZ Standards and built in accordance with the Australian Building Code.

BENEFITS
1. Assembled in 1-2 days
2. No need for wall lining
3. No need for council approval*
4. Available for immediate delivery
5. Pro-installed or DIY
Open and airy, classic style Crete Panorama 10 (3.8 m x 2.8 m) with panoramic windows and doors is perfect for those looking for a quality Home office, pool house or recreational space. CUSTOM DESIGN

YZY Kit Homes are notable for their flexibility in design. Team of engineers and designers will find the best structural solution to any custom design. Over 200 people on average working with automated and computerised production lines enable us to adapt a line to fulfil any custom request.

Walkthrough your building before order

We will model your building in 3D, so you can check every detail, walk through the building before confirming your order.

Double glazed Windows

YZY Kit Homes offer top-performing and energy-efficient German DG windows in Timber frames. But if you have your favourite Australian made local windows - not a problem, we will incorporate them in the building design.

Pro-installed by the experienced builder or DIY

Whether you wish your cabin to be fully installed and connected to services or want to do it yourself, your local builder and supplier will be looking after your project all the way – from the site inspection and consultation how to best satisfy your needs until your new space is completed.
FACTORY

YZY Kit Homes manufacturing facility is well-known for its state-of-the-art German-made technology and highly skilled staff. Our fully automated timber machining technology allows achieving excellent dimensional accuracy. Precisely pre-cut parts enable easy and quick building process, so you have your building erected on-site within a few days.

Over 30 years of operation, the factory has delivered more than 150,000 various sized buildings including residential homes, commercial buildings, backyard cabins and sheds. Producing and delivering not only to Scandinavia or other European countries like the UK, Germany and Holland but also to Australia, New Zealand, USA, Japan, China makes processes easy. From designing homes following the market specifics to a safe and sound delivery through long distances are well-known processes mastered during the years.
