MADE IN EU

to AU/NZ standards

BUILT IN AU

by your local builder

YZY Kit Homes is a combination of two worlds - European made Scandinavian buildings in good hands of reputable Aussie builders. Every building we make is a result of teamwork, a collaborative effort of Australian builders, engineers and designers with architects and technical team at the factory.

We operate through the network of carefully selected Authorised builders across Australia and New Zealand. YZY Kit Homes accredited builders have experience building YZY Kit Homes and are conversant with local building regulations. They will recommend the most cost-effective and suitable floor plan and building design to suit your property. Using one of our architecturally designed plans or a tailored concept based on your specifications, we will create a unique living space perfect for you.

COMPLIANCE AND ENGINEERING

Every building is made to the highest European standards, engineered to AU/NZ Standards and built in accordance with the Australian Building Code.

To build a cabin to the **turnkey stage**, the following is required.

- Veranda/decking (can be the custom size)
- Timber Handrail and external steps (optional)
- Internal lining and/or external cladding (optional)
- The flooring coverings of your choice
- Bathroom fit-out
- Kitchen fit-out
- Electrical
- Plumbing
- Painting

THE FREEDOM OF DESIGN

YZY Kit Homes are notable for their flexibility in design. Team of engineers and designers will find the best structural solution to any custom design. Over 200 people on average working with automated and computerised production lines enable us to adapt and fulfil any custom request. So, if you need any changes to our standard range of granny flats or wish to make your own design come to life, bring it on!

Walk through your building before order

We will model your building in 3D, so you can check every detail, walk through the building before confirming your order

Double glazed Windows

YZY Kit Homes offer top-performing and energy-efficient DG windows in Timber frames. But if you have your favourite Australian made local windows - not a problem, we will incorporate them in the building design.

More choice

Following flexible options are sourced locally by our accredited builders, so you can pick and choose to suit your taste and budget.

- Timber or steel sub-floor or a slab base
- Custom size veranda and decking
- Timber Handrail and external steps
- Colorbond roofing in colour of your choice
- The flooring of your choice
- Kitchen and bathroom fit-outs

Pro-installed by the experienced builder or DIY

Whether you wish your cabin to be fully installed and connected to services or want to do it yourself, your local builder and supplier will be looking after your project all the way – from the site inspection and consultation how to best satisfy your needs until your new space is completed.

FACTORY

YZY Kit Homes manufacturing facility is well-known for its state-of-the-art German-made technology and highly skilled staff. Our fully automated timber machining technology allows achieving excellent dimensional accuracy. Precisely pre-cut parts enable easy and quick building process, so you have your building erected on-site within a few days.

Over 30 years of operation, the factory has delivered more than 150,000 various sized buildings including residential homes, commercial buildings, backyard cabins and sheds. Producing and delivering not only to Scandinavia or other European countries like the UK, Germany and Holland but also to Australia, New Zealand, USA, Japan, China makes processes easy. From designing homes following the market specifics to a safe and sound delivery through long distances are well-known processes mastered during the years.
